## Chucky-ing Continuity

*Don't read this before you read the story. You have been warned.*

Last issue, I described to you a six-way phone call among myself, artist **Darick Robertson**, and all the people responsible for Chucky's creation. Well, not *all* the people, but some of the more important ones -- such as his writer, his director, his creator, and his licensor.

One of the things we discussed was the future of Chucky. *Innovation* had signed on for a year of **CHILD'S PLAY** as a regular series, and with Universal in the process of committing to **CHILD'S PLAY 3**, it appeared as though we were going to have another film to lead into.

My feelings were (and are) that internal logic and continuity are important, no matter what type of fantasy you are dealing with. Some people would call that anal-retentive. Let them; *I'm* the writer here. However, if Chucky were to appear to be destroyed at the end of the film and comic, I had to bring him back while, at the same time, setting up threads for the third film.

In addition, I wanted to weave threads hanging from the original film into my web of stories. And in the comic, with eleven issues or so to play with, I could do that.

What really happened to Andy's mother, Karen Barclay? What about her cop friend, the turncoat detective Mike Norris? Is Chucky really trapped forever in the doll's body if he can't find Andy again? Is Doctor Death, the voodoo priest with supposed powers over death, really dead?

Not enough questions for you? Here're some more: What happens to Kyle and Andy now? What happens to the sales of Good Guy dolls now? How

does Chucky come back? Can he be killed? Does he have even an ounce of goodness in his little plastic body?

Over the next year, you'll find the answers to these questions and many more. You'll also meet lots of new characters: Russ Timpone, horror fan extraordinaire. Doctor Curry, a parapsychologist who investigates mass hysteria cases involving "supernatural" serial killers. Buford "Bucky" Bucks, a poor little rich boy. And Jacynth Gray, a practitioner of magical arts. We may even see the return of Technician Mangels and Technician Robertson, the men responsible for Chucky's rebirth in issue #1.

Who? *Us* do in-jokes?

Each of the **CHILD'S PLAY** stories, though self-contained, will follow a continuity eventually leading Chucky and other characters into the beginning of the third film, planned for next Fall release. Along the way, I can promise you a slew of weird and witty stories. There will be high elements of horror, but there will also be loads of black humor. There may even be a touch of surrealism, every now and then.

And don't forget that, in issue #5, there'll be a story starring two of you readers, winners in our exclusive "Star In The Comic Contest!" Here's your chance to see if you can beat Chucky at his own game!

So: Be on the watchout next month for the all-new **CHILD'S PLAY: THE SERIES #1**. Get stuck on Chuck, because he wants you for his best friend. And believe us, you really wouldn't like Chucky when he's angry.

-- Andy Mangels  
*Hidey-Ho, Ha-Ha-Ha!*
